Circular No: NCEL/Operations/07/2010

**All Registered Brokers of  
National Commodity Exchange Limited**

Subject:- **Hardware & Software Requirements for NCEL NEXT Terminal**

The Exchange is receiving a number of queries regarding installation of NCEL **NEXT Terminal**. NEXT is extremely easily accessible and user friendly. For the purpose of installation of NEXT the basic hardware and software requirements are as the following:

01. A branded system (desktop/ laptop) dedicated for NCEL NEXT terminal.
02. CPU 2.0 GHz or above.
03. 2 GB RAM or above
04. Licensed Windows XP Professional with SP3 and Latest OS Patches.
05. Internet Explorer 7.0 with latest patches.
06. Licensed Antivirus Software / Microsoft Security Essential.
07. Hi Speed/reliable internet connection.
08. Port 80, 443 and 9090 must be open on firewall, if Hardware / Software firewall is installed.
09. Antivirus software must be updated daily for latest virus definitions.
10. Operating System must be updated at least once in a month for security patches.

We at the Exchange would appreciate if all users before the start of trading make sure that the above requirements are met. The Exchange will offer complete support to users who have complied with the requirements provided by the Exchange.

Note: Please pass on these requirements to your clients who are trading themselves.

Sincerely yours,

Muhammad Amjad Khan  
Chief Technology Officer
