Free Android Mobile Application for PMEX Brokers

As an endeavor to facilitate brokers, Pakistan Mercantile Exchange (PMEX) is constantly involved in improving processes and procedures using state-of-the-art technology. In this regard the Exchange is pleased to offer an Android based mobile application called 'Broker Management System' (BMS).

BMS brings together the most frequently used features of our trading systems – Trader Account Management Systems (TAMS) and Clearing, Settlement & Reporting (CSR) in a single interface. With this application, users having administrative rights of the two systems can perform following six key operations:

1. Activation and suspension of traders
2. Setting up auto liquidation thresholds
3. Raising a fund request
4. Providing fund approval
5. Allocating funds
6. Activation and suspension of user access rights

The BMS application and user manual which will guide you through the steps of each function mentioned above are attached with this circular. The free application and the user guide is also available for download on www.pmem.com.pk.

For further information and assistance, please feel free to contact our Customer Support Services by Phone on: 021-35644991– 5 (5 Lines) or by email at: support@pmex.com.pk.

Best regards,

Nauman Lakhani
