

Circular No: PMEX/MKT, BD&CSS/2017/26

November 17, 2017

### Marking Clients Accounts as Active

All brokers are hereby informed that with effect from November 20, 2017 the Exchange shall mark only those clients' accounts as "active" which fulfil any of the below mentioned criteria:

1. Client account(s) in which orders have successfully been floored in ETS in the last 6 months
2. Client account(s) in which cash balance is greater than PKR 1,000
3. Client account(s) in which vault balance (gold inventory) is greater than zero
4. Client account(s) which have been created in last 30 Days prior to start of trading session

All trading accounts will be evaluated at the start of the trading session based on the above criteria. Moreover, brokers who wish to activate (resume the trading rights) those accounts which have been marked as inactive will be required to allocate funds more than PKR 1,000, after which the accounts will be marked as active in the next trading session.

We would like to highlight here that the brokers and their clients (whether active or inactive) will have access to PMEX Back Office Systems such as CSR/TAMS/Client Portal as per usual practice.

For further information and assistance, please feel free to contact our Customer Support Services by phone on 021-111-623-623, 0300-8213-324 and 0300-8756-623 or by email at [support@pmex.com.pk](mailto:support@pmex.com.pk).
