

PAKISTAN  
MERCANTILE  
EXCHANGE

Notification No.: PMEX/MKT, BD&CSS/2020/12

March 17, 2020

### MetaTrader 5 (MT5) Web platform

All market participants are hereby informed that the Exchange has provided the MetaTrader 5 (MT5) web platform which allows them to trade futures from any browser and from any device.

All the functions that are available in the MT5 desktop platform can be accessed directly on the MT5 web platform. The Market participants with an internet connection can access their accounts and start trading in just a couple of clicks. Trading on the Web platform is safe, while any transmitted information is securely encrypted.

To start trading from MT5 Web platform, please log onto <https://www.pmem.com.pk/mt5-web-terminal/>

Kindly note that this service will be available till May 29, 2020 for trial purpose. All market participants are advised to experience the MT5 web platform and share their feedback.

For further information and assistance, please feel free to contact our Customer Support Services by phone on 021-111-11-7639 (PMEX), or by email at [support@pmem.com.pk](mailto:support@pmem.com.pk).

Best regards,

Hasan Mahmood
